AGENDA ITEM # 5

PRESENTATION: SENATE BILL 1 AND ITS IMPACTS ON SACRAMENTO COUNTY

Action Requested: Receive Presentation

Key Personnel: Matt Carpenter, Sacramento Area Council of Governments

Matt Carpenter, SACOG's Director of Transportation Services, will provide the Board an overview of Senate Bill (SB) 1 and the projects and programs it funds in Sacramento County.

BACKGROUND INFORMATION

Members of the STA Board had previously requested a presentation on the total impact of SB 1 in Sacramento County. STA has purview over only one of the SB 1 elements—the Local Partnership Program (LPP)—but other SB 1 programs also fund various transportation projects and programs throughout the county.

This presentation is intended to provide the Board a greater understanding of funding sources for local transportation other than Measure A. This information may be useful as the Board contemplates a potential supplemental sales tax measure and develops the associated transportation expenditure plan.
